## No Additional Half Holiday.

With the arrival of every train delegates to the twelfth conference of the Genera of Women's Clubs the suffrage by the federation apparently assumes greater prominence. It was the leading topic in informal discus-

Some excitement was caused in the suffrage wing late last night by a rumor that the official board of the federation had indorsed a suffrage resolution at an executive session. The rumor was promptly denied, but that did not stop its discussion by suffrage leaders, who insisted that the assemblage of women would be unable to resist the pressure brought to bear by a large proportion of their number who are ardent devotees of the suffrage cause.
